- <https://ursulinearrows.com/news/2022/6/23/soccer-adds-nine-to-2022-roster.aspx>
- Alejandra has been accepted in the Nursing Program

### Alexis Paredes

- Presently part of ANB Futbol Girls Program
- Accepted two academic scholarships to attend Queen's University and study Mechanical Engineering
- ANB Academy member since 2014 and has participated in numerous US College Showcase trips and Canada Tournaments
- Strong central defender who has seen a lot of growth throughout the years
- Unfortunate injury has derailed plans to play at university level for her freshman year however plans are to see Alexis compete with Queen's University Women's Soccer Program in following years

### Emily Fasan

- Presently part of ANB Futbol Girls Program
- Studying Actuarial Science at York University with an academic scholarship – going into her 2<sup>nd</sup> year
- ANB Academy member since 2013 and has participated in numerous US College Showcase trips and Canada Tournaments
- Strong attacking winger who has seen a lot of growth throughout the years
- Suffered ACL injury just before starting university, but has recovered from surgery to train with ANB Futbol over the last year
- During the spring 2022, ANB Futbol assisted in securing try-outs with York University Women's Soccer Program and Emily will be with the York University team for the 2022 season (OUA)

"I am very proud of the athletes' achievements, although this is just another step in their soccer aspirations. I am confident they will continue to work hard and take with them what they have learned from their coaches and the ANB philosophy. We are proud to see them succeeding in their own way and with different teams. We will continue to work with all ANB athletes to ensure their dreams become reality," said Academy Director, Bassam Naim.

ANB Futbol's vision is to become Canada's leading soccer development organization. Its mission is to identify Canadian soccer talent, and to maximize the potential of players at any level, through professional coaching and training.
